**Solid Roof ShadePorch!**

**ShadePorch**  
With Windows & Screens

**Translucent Roof SunPorch!**

**SunPorch**  
Sunroom Screenroom

## Choose ShadePorch For...

- Solid roof for maximum shade.
- Perfect for warmer hot, sunny climates.
- Southern & western exposures with excessive sunlight & heat.
- Blocks heat & saves energy to keep adjacent rooms cooler.
- 100% protection from the hot sun.
- 3" super insulated R11 foam core heat reflective roof.

## Choose SunPorch For...

- Translucent roof for maximum light.
- Perfect for cooler climates with short summers and long winters.
- Shady areas or locations with little natural light.
- Solar heat gain to heat your home & save energy.
- Enjoying the health benefits of winter sunlight in a warm sunroom.
- Super strong double glazed insulated polycarbonate roof.

## Key Features...

Both the SunPorch & ShadePorch are sold as a complete ready-to assemble kit with roof, walls, windows, screens & a door. Each Porch Model also includes:

- Floor to ceiling EZ Slide windows with screens.
- Heavy duty aluminum framing that meets building codes & severe weather.
- Impact resistant Duraplex crystal clear wall glazing.
- Easy assembly...mounts on your existing deck or patio.
- Sold factory-direct for best value and no hassles from high pressure salesmen.
